[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO OCT. 17.

EASTERN STATES.

Chicago Rebuilding.

CHICAGO, Oct. 16.—There is wonderful activity in the south division of the burnt district. Thousands of men are at work clearing away the debris, recovering safes and putting up temporary buildings. Laboring men can find plenty to do at liberal wages.

The action of the insurance companies in settling losses has inspired and renewed the confidence of business men.

The reports of the loss of life are greatly exaggerated; the number of dead bodies discovered will fall short of one hundred.

All the papers are published except the *Times*. The *Tribune* appears to be nearly as fine looking, a sheet as ever and quite as large.

The Western Union Telegraph Company intend to pay the losses of all their married employees, who lost their household goods and personal effects.

The city is still under the charge of General Sheridan.

Subscriptions at Philadelphia.

PHILADELPHIA, Oct. 16.—About $50,000 church subscriptions for Chicago were collected yesterday.

Additional Contributions for Chicago.

NEW YORK, Oct. 16.—The relief committee of the Chamber of Commerce has received $50,000 since Saturday. The subscription of the Cotton Exchange now exceeds $16,000, and the police force fund, $8,000, and subscriptions from Albany amount to $40,000.

Contributions from Canada.

QUEBEC, Oct. 16.—One thousand five hundred blankets and a number of tents have been forwarded to Chicago.

ST. JOHNS, N. B., Oct. 16.—Contributions for Chicago amount to $6,000.

Condition of Insurance Companies.

NEW YORK, Oct. 16.—A receiver has been appointed for the Fulton Fire Insurance Company of Brooklyn, which is insolvent owing to the Chicago fire. The Hide Insurance Company has resolved to fill up its capital stock to two million and a half at the earliest moment; this restores the company's assets to nearly four millions after every cent of its Chicago losses are paid. The Manhattan Company, which announces suspension, expects to meet its losses. The Continental lost about a million,—much less than its surplus; the company has doubtless its capital, and after its losses are paid, will have two millions assets.

BY ATLANTIC CABLE.

Aid for Chicago.

MANCHESTER, Eng., Oct. 16.—A large meeting was held to-night. The Bishop of Manchester was present. Jacob Bright, Hugh Birley, and Adams, U. S. Consul, addressed the meeting. Twenty-three thousand dollars was subscribed and a large quantity of clothing.

French Affairs.

VERSAILLES, October 16.—Picard has been appointed French Minister to Italy in place of Count de Chosqui, removed.

Spanish Affairs.

MADRID, October 16.—A great Republican meeting was held here to-day. Resolutions were adopted declaring that the party would offer untiring opposition in every form of Government for Spain which was not purely Republican. Several speakers addressed the meeting. Some of them were very pronounced in their expressions against the present Government. The most violent proclaimed their perfect sympathy with Republicans everywhere; also with the International Society, and declared that their faith in Republicanism of Spain was identified with doctrines of liberty and equal rights, now rapidly spreading through all the countries of Europe.

More Aid for Chicago.

LONDON, October 16.—The Chamber of Commerce of Sheffield is reported to have called a meeting of citizens for contributing relief for Chicago.

A meeting for the relief of Chicago was held in Liverpool to-day. The Mayor presided. A committee was appointed to receive contributions. Three thousand five hundred pounds sterling was raised on the spot.

German Affairs.

BERLIN, October 16.—Emperor William to-day opened the session of the Reichsrath in person. In his address, alluding to foreign relations of the Empire he said that such relations were entirely satisfactory. There was no cause of anxiety to any quarter, and especially was correspondence with Austria of a cordial nature, and intercourse with that country was no longer shadowed by reminiscences of past conflicts.

CANADA.

Defense Against Fenian Raiders.

OTTAWA, Ontario, Oct. 16.—The expedition to defend Manitoba from the Fenians leaves Collingwood next Friday, under command of Lieut. Col. Osborne Smith of Montreal. The force will consist of about 200 men, who have been enlisted for six months with the option of remaining a year, and receiving a grant of land, similar to that given to the volunteers of the first expedition.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, October 16.—The Front street Mission and Ocean Railroad gave $300, their receipts yesterday, to the Chicago relief fund.

The Third Irish Regiment, N. G. C., will raise about $1,000.

A little boy named Kelly, son of one of the guards at San Quentin, was drowned while bathing at Rose Landing, to-day.

The steamer *Prince Alfred* sailed for Victoria to-day.

The Woman's Suffrage Association sent into the Board of Supervisors last evening, an emphatic protest against the passage of the bill of Dr. Holland, which proposes to compel prostitutes to pay a license, and to be registered and kept under the surveillance of the police and the Board of Health.

The bark *Whistler*, which returned in distress, after being some days on the trip to Portland, is still on fire, and it will be probably found necessary to scuttle and sink her to extinguish the flames. The fire is caused by lime, which composed her cargo in part, getting wet and communicating with inflammable materials in the hold.

In answer to enquiry, the officers of the Pacific Insurance Company say that they find that the amount of its Chicago losses will exceed its first estimate of $1,000,000, but they are unable yet to get anything like exact figures. Until the amount is ascertained and final action taken, no new policies will be issued or obligations assumed. The officers and directors are doing everything that is in their power for the protection of every interest, and also to save this institution which has been the pride of our State, and still continue its business.

SAN FRANCISCO, Oct. 17.—The Cook in the Australian restaurant has been arrested on suspicion of having been engaged in the murder of Ah Sam yesterday morning. The waiter is still missing.

The crew of the French bark *Erato*, bound for Port Blakely, deserted in a body as the vessel was going out of the harbor yesterday. They were arrested by the crew of the United States revenue steamer *Wyandot* and returned to duty.

The agent of the Market Insurance Company of New York, has received a dispatch concerning its suspension on account of Chicago losses.

Greenwood, Superintendent of the fire telegraph and Chief Scannel, of the Fire Department, complain that owing to the action of the Board of Supervisors, who pay no attention to complaints of the Superintendent against operators, the fire alarm does not work, and many times is neglected and allowed to get out of repair, and is frequently maliciously tampered with by some scoundrel employed in the office of the Fire and Water Company. The Board of Supervisors will make an investigation of the charges.

Proceedings have been commenced in court to contest the election of Harney as County Clerk, on the ground that he is not a citizen of the United States. He claims to be able to prove that he is a native born citizen.

Edward Kelly, who went three weeks ago to collect a claim from Edward Hall and wife, a newly married couple, and got into a fight in which both men were sliced up, was brought from the hospital to-day and sent to the County Court for trial on charge of assault to murder.

INTERIOR CALIFORNIA DISPATCHES.

From Los Angeles.

LOS ANGELES, Oct. 16.—Major Watson's surveying party on the Southern Pacific railroad, narrow guage, camped at old San Bernardino, six miles from Newtown, on Saturday. One party is surveying through San Gorgonio Pass.

Sand storms in the vicinity of Fort Tejon have scattered forty or fifty thousand sheep, many of which are lost.

From Gilroy.

GILROY, October 16.—A terrible affray occurred in a dance house in this place last night about 12 o'clock. A young man named Wm. V. Arrowsmith was shot and almost instantly killed by Wm. Berger, a constable. No cause is assigned for the shooting and no angry words had passed between the parties. Berger surrendered to the authorities, and officers started for San Jose with him this evening. Fears were entertained that he would be lynched.

NEVADA.

From Winnemucca.

WINNEMUCCA, Oct. 16.—Wm. Wear, who killed an Indian at Golconda, last week had a hearing before Judge Sabine to-day and was discharged.

Kinkle Bros. have made some rich developments in extending the Pride of the Mountain lode which assays from $375 to $400 per ton.

UTAH.

Miscellaneous News.

SALT LAKE, Oct. 16.—Brigham Young appeared in court this morning. When the indictment was read to him he answered with firmness, "not guilty." Mayor Wells, on a similar charge, pleaded "not guilty."

Grace Greenwood lectured last night to a large audience for the benefit of the Chicago sufferers.

Judge Rickard, the U. S. Marshal, Patrick, and a number of attorneys, left to-day for Provo, where the 2d Judicial Court will be opened to-morrow. A cavalry escort was asked for but refused.

The Mormons have started subscriptions for a defense fund to aid Young, Wells and other church magnates in overthrowing charges brought against them by the U. S. grand jury.

OREGON.

On the morning of the 15th Richard Lucas, an aged man, was found dead in his bed at his residence near Eola, Polk county. He had retired the evening before in his usual health.

The Roseburg *Plaindealer* says Maj. Roberts and Capt. West had arrived to inspect the improvements made in the Umpqua river. Capt. Leeds was preparing to test the possibility of navigating the river by a trip with the steamer *Enterprise*.

The *Statesman* says that the only person left on the Fair Ground is Prof. Valentine, a magician, who is trying to expose his tricks to a stray swine, to which and fate he is compelled until such time as his advertising bills shall be paid up, which, alas! will be never.

A correspondent at Brownsville writes: In the WEEKLY OREGONIAN of Oct. 7th, under the heading of "Oregon," I find a mistake in the name of the man who was ordained to the regular ministry of the Universalist Church. It should have read A. J. Wigle, instead of A. J. Migee.

The wagon and blacksmith shop, belonging to Henry Bowman, living on Birch creek, eight miles from Pendleton, was consumed by fire on the 12th inst., together with his tools, stock, and several wagons and buggies nearly finished. Loss about $2,500. It is supposed that it caught from a load of charcoal that had only been out of the pit about 24 hours, and had just been put in the coal house.

From the Jacksonville *Sentinel*: The amount of taxable property in Jackson county this year is $1,070,707, against $1,180,245 last year, making an increase of $484,412. $299,807 comes from the Oregon Central Military Road Company, leaving an increase in taxable property of $184,807. The tax this year as levied by the County Court is 17½ mills on the dollar; last year it was 20, making 2½ mills in favor of the tax payer.

Speaking of the visit of the Yale College geologists to the John Day region, in company with Rev. Thomas Condon, a contemporary says: The classic region of John Day River will shortly resound with the sound of the geological hammer, and the clang of heated discussions over the Azoic, Paleozoic and Silurian ages, the Tertiary, Oolitic and Liassic epochs, and the bewilderment of unlimited fossil beds, coprolites and mammals.

The Jacksonville *Times* (Dem.) "stops its press" on learning of the Pennsylvania and Ohio elections, to put up a sick rooster at the head of its columns. The bird is all draggled and drooping, and trying to vomit. Underneath are these comments: "We stop the press to announce that our cock is sick. We have just heard from Pennsylvania and Ohio. They fed the Democratic chicken on 'New Departure,' and his stomach went back on him as it did in California. In both these States the Democracy have 'gone where the woodbine twineth.'"

THE TERRITORIES.

No new cases of small pox have appeared at Walla Walla. Five persons in all have died of the disease.

There are parties at Walla Walla buying horses for the Montana market. And parties at Boise City are stealing them.

Colorado Territory has ten newspapers and one hundred and fifteen postoffices. In a few years she will be a flourishing State.

On the 1st inst. a man named Richard W. Forkey was shot and killed in a row at Helena, Montana, by one Charles Goodwin.

Freighting from Walla Walla to Wallula is still very brisk. Large quantities of wheat are coming down. There is still a scarcity of teams.

Vancouver has subscribed already over $700 for the Chicago Relief Fund. A dispatch to Col. Jones states that there are good prospects for more. This is a large contribution for Vancouver. Few places have done so well.

A writer in the Lewiston *Journal* thinks that a route for the Northern Pacific Railroad will be found along the North Fork of the South Clearwater. The opinion is expressed that no road will ever be built upon the North Fork of Clearwater.

The Boise *Statesman* of the 12th says: The scientific exploring expedition of students of Yale College, headed by Professor Marsh of the same institution, arrived in this city last Monday. The party was specially commended to the care of the military authorities here, from Gen. Sherman. They have been exploring the geological formations hereabouts for the past two or three days, and gathering up such information and curiosities for the college cabinet as the country hereabouts affords. The objective point of the expedition is the John Day river region, and the Rev. geological Condon.

Why is it that Democrats, whenever they have a chance, rob the public treasury? Last year, for the first time in many years, they had the Indiana Legislature and part of the State offices. By the employment of their usual tactics they succeeded in robbing the treasury of about $100,000 by means of bogus vouchers for State printing. The Attorney General of the State has been instructed to commence suit at once for the recovery of the money. It is also reported that he will institute proceedings to compel the State officers to account for interest received on public funds farmed out on private account.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN STATES.

Seizure of a Vessel by the British.

BOSTON, Oct. 17.—The schooner *E. A. Horton* was seized and taken to Gray's Cove, N. S., for violating the fishing laws. She was cut out by unknown parties, supposed to be American seamen, on the night of Oct. 8. Considerable excitement was caused yesterday by the announcement that an English man of war was cruising in the bay, awaiting the *Horton's* arrival last night. Collector Babcock of Gloucester, has been here in consultation with the President, and the revenue cutter *Mahoney* was dispatched under sealed orders. It is said a frigate from the navy yard has been sent to Gloucester. Further announcements are awaited with anxiety.

Advices from Odessa state that 800 buildings in the town of Bagostpe have been burned by incendiary fires supposed to be the work of fanatical oppression of the Jews. The greater proportion of the inhabitants are Jews.

Details received here of the recent storms and floods in China represent the loss of life and property as very great. At least 3,000 persons have perished.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Oct. 17.—A. E. Hill, late note clerk in the Bank of California, more recently assignee of Tradewell & Co., is lying critically ill from pneumonia.

Senator Morton, of Indiana, W. P. Fishback, editor of the Indianapolis *Daily Journal*, and party, who arrived Saturday night, will remain in San Francisco and vicinity about a week and then return in their special car to the East.

Holders of policies in local insurance companies except the Union, are generally reinsuring. There is a general impression that the Pacific will not resume, and chances strong against at least two others. This causes depression in business circles, the merchants and capitalists of San Francisco being very heavy losers, as they hold the bulk of the stock in the companies which are ruined. The necessity of same class realising on stocks to make up their losses, visibly affects the market.

Thomas Murray, a boarding-house keeper, who went to the Cliff House with his family and was insulted by a woman of the town, and put her out of the room, was arrested by her to-day on charge of grand larceny. She alleges that he stole $75 from her pocket as he was putting her out.

The San Juan del Rio Mining Company, to operate in the State of Nevada, capital $4,500,000, was incorporated to-day.

SAN FRANCISCO, Oct. 17.—Subscriptions from all sources received by the Citizens' Committee, or remitted independent, for the relief of the Chicago sufferers, now aggregate over $140,000, and the various benefits now announced will increase it to $150,000, of which $35,000 will probably be appropriated to the relief of the sufferers in Michigan and Wisconsin. Bradley & Rulofson's gallery was crowded all day to-day, and the amount received for the fund must be in the neighborhood of $500 at least.

The opposition steamer *Chin da Wan* is drawn off the route between San Francisco and Oakland, the reduction of fair and the railroad route to 15 cents having drawn away her trade.

James O'Donall, seaman on the ship *Star of Hope*, which arrived from Liverpool to-day, fell from the foretop to the deck July 24th, and was killed. On the 27th of August, in latitude 4°, the vessel experienced two severe earthquake shocks.

The Pacific Mail Steam Ship Company announce that after May 15th, 1872, they intend to run two steamers per month each way between this port and China and Japan. Meantime they will dispatch extra steamers when the trade demands it.

SAN FRANCISCO, October 17.—Elizabeth Harkins, six years old, was run over by a heavy truck in front of Woodward's Garden to-day and instantly killed.

The Crocker collection of pictures for the benefit of the Howard Association, Sacramento, will commence to-morrow. The pictures have been exhibited to the press to-day and have been hung with much care and taste.

The vote to-morrow promises to be a very light one.

INTERIOR CALIFORNIA DISPATCHES.

LOS ANGELES, October 17.—A terrible sand storm swept over the plains to-day, filling the air with dust and the sand plains look like a desert.

STOCKTON, October 17.—At the meeting of the Common Council, held last night, a formal demand was made by the Stockton and Visalia Railroad Co. for $300,000, voted by the city for that corporation when they should complete fifteen miles of road.

A carpenter named Johns, employed on the Stanislaus railroad bridge, fell from the structure to-day and it is thought received fatal injuries.

NEVADA.

ELKO, Oct. 17.—About 6 o'clock last evening a Chinaman, keeper of a wash house was stabbed and instantly killed by an unknown white man who escaped before being recognized.

UTAH.

SALT LAKE, Oct. 17.—Geo. Q. Cannon, editor of the *News* was arraigned before Judge McKean this morning upon an indictment for lascivious cohabitation, and plead not guilty.

The trial of Hawkins for adultery is set for to-morrow.

The theater benefit last night for Chicago amounted to $417.

The order of the President placing Gen. Morrow again in command of this post gives universal satisfaction.

POLITICAL NOTES.

"In regard to reforms," sententiously says Senator Morton, "the Democratic party is very much in the condition of a man riding in the cars backward—he never sees anything till after he has passed it."

Some one has painted the new departure as a faltering, trimming, dodging around the corner, leaping over the fence here and jumping back again a little lower down, shifting, wiggling, hot and cold blowing Democracy," which assumes to be the "veritable Jeffersonian article."

The Connecticut town elections, says the New York *Herald*, in their results indicate a general demoralization or general apathy among the Democrats which is extraordinary. Even the Democratic strongholds of New Haven and Hartford have been carried by the Republicans by majorities in some cases really astonishing.

Democratic Tennessee is dissatisfied with the result of the Democratic administration of State affairs, and from the western portion of the State especially, there goes up a strong clamor for a reduction of the high rates of taxation. The present rate is fifty cents on the one hundred dollars, where the rate under the old order of things was only half that amount.

The records of the Postoffice in England show that 292 patents for improvements in umbrellas have been taken out since 1786. If somebody would only take out a patent to prevent the theft of this useful article!

THE CHICAGO FIRE.

Sacramento contributed $20,000 for the relief fund.

The assessed valuation of property in Chicago was $270,000,000. She was the fourth city in the United States in point of wealth.

About 2,000 roughs from New York arrived at Chicago on the 11th, the object being plunder. Troops are continually on guard. All saloons are kept closed by the authorities.

The sum total of the obligations of Eastern insurance companies in Chicago, so far as they have been ascertained now, is $35,000,000, against reported assets of $76,000,000.

An approximate estimate of total losses is about $200,000,000. The area burned over is over 2,000 acres. The number of buildings burned is not below 20,000. This is from a dispatch of the 12th inst.

The third fire started at Twenty-second street, between Wabash avenue and State street, nearly a mile south of the second great fire. It was started by incendiaries, who were caught in the act. Two of them were shot at the moment, and four others were hung immediately. The fire extended towards the north, until it reached the other burnt districts, destroying everything on the South Side between Wabash avenue and State street, embracing 1,600 feet block of splendid private residences.

Chicago's Example.

Chicago's enterprise is undaunted. She is already rebuilding with an energy worthy of her reputation. The men who made Chicago had at first but little capital, but they had public spirit, energy and far reaching intelligence. They found, says one of the historian's of Chicago's prosperity, a market for a large quantity of wheat, and then they raised the money for it in time to suit the wants and demands of the farmer. They made ample preparations for the reception, storage and shipment of that wheat. The farmer knew, before he left home with his wheat, that it would be promptly and safely stored immediately on its arrival in Chicago, and the purchaser of that wheat in New York knew that it was preserved in a condition to increase its value, and at all times ready to be transferred to him or his order so soon as it was for his interest to order its shipment. On such security it was not difficult for men of the right stamp to attract Eastern capital to invest in such a staple commodity as the "staff of life." As it was with wheat, so it was soon with pork and beef. In a few brief years these great staples moved toward Chicago as irresistibly as does the Mississippi toward the Gulf of Mexico.

It was thus that Chicago was built up. The principles set forth above characterized all her operations. Business connections were formed with the entire country around her, and Chicago made herself the center of the field. Every possible preparation was made to facilitate business of every description. The result was Chicago achieved a position within a few years from which the most terrible disaster recorded in history has not been sufficient to thrust her down, and she is rising already dauntless as ever, from her great calamity.

Chicago's unexampled growth has, after all, proceeded from a very simple principle. The men interested there simply undertook to make Chicago the place which should do the business of the country, and their success was the result of their enterprise and effort. Is there not a lesson here for our own city? It now has a commanding position, and, with the growth of the surrounding country it may become pre eminently the city of the Northwest. But it will not do to depend on luck for this result. Portland must look ahead. She must work with faith in her future and in the future of the country.

Producing Wheat for Export.

We have frequently attempted to show why it is not good policy for our State to rely on wheat as a staple crop for export. Oregon needs other industries. So long as our people devote themselves chiefly to the production of grain for shipment, we shall be deprived of those diversified industries in which the greatest and most widely spread prosperity consists. The Sacramento *Union* takes up this subject for the purpose of showing why the production of wheat as an article of commerce should be discouraged. Among the reasons urged are, first of all, that it impoverishes the soil, and in a few years exhausts it; and second, that it is a crop of less cash value in average seasons than almost any other; that the market is unreliable from year to year, and that we can't compete on equal ground with our natural rivals in the European trade. On this point the *Wool Manufacturer's Bulletin* is quoted:

> Reports from twenty-one governments show that in 1860 the United States, with a population of 31,000,000, produced 165,000,000 bushels of wheat. The same year Russia, Finland and Poland, with a population of 68,000,000, produced 458,000,000 bushels; France, with 37,800,000, produced 236,000,000 bushels, and Great Britain and Ireland, with 29,800,000, 110,000,000 bushels. Russia averaged seven and a tenth bushels per head; the United States five and three tenths. The average in northern Europe, including Russia, Germany, Austria, France and Poland, was five bushels per head to the total population. In southern Europe, including Spain, Portugal, Italy, Greece, Turkey, and the Danubian Principalities, it was four and one-tenth bushels. For all this immense European surplus the only reliable market is Great Britain and Ireland, which is also our market, where we most compete with the cheaper and better production of Russia, the Principalities and the north of Europe.

It is thus shown that our rivals in the production of wheat are these European countries which yield a surplus and lie near to the market. It thus also appears that we can't depend on good prices from year to year; and indeed the chances are that next year there will be little profit in the crop. There are other forms and branches of agriculture to which we should turn more of our attention. The production of wool is one of these. So is the raising of cattle. But what is chiefly needed is the introduction of other forms of industry in the shape of manufactures.

The machinery of elections in New York is all in the hands of Tammany. Last year at the command of the Tammany thieves the registry law was repealed, and none but Tammany inspectors are permitted to have anything to do with elections. An effort has been made by the Reform Committee to induce the Ring to allow additional inspectors, selected from the body of honest citizens, to participate in receiving and counting the votes. But this has been flatly refused by Mayor Hall and his confederates. The consequence is that a vigilance committee, to compel the election canvassers to do right, has been organized in thirteen Wards in the city. It is freely stated that unless a fair election is allowed the mass of honest citizens will rise in their might and do what San Francisco once so effectually did. The public mind in New York is terribly exasperated, and will not endure much more irritation.

For fickle lovers Southern Oregon could take all the preminms that might be offered. Not long ago a young woman of Josephine county decamped on the day appointed for her wedding and came to Portland, leaving the expectant bridegroom with the minister at her father's house to meditate on the uncertainty of human anticipations. Only a few days afterwards another young lady of Josephine county "skedaddled" while her swain was riding night and day toward Kirbyville for a license, and when he returned with the document she was far away. The last case is that of a young fellow professing to be a preacher, who started for Kirbyville for a license leaving his faithful lady to wait for his return, but forgot to come back to consummate his nuptials. What can be the matter down there? Is there no faith even?

"Farmers of the Azoic Age" is the title of a good article in the Jacksonville *Times*. The editor says there are too many people of the "Cayuse horse and red-legging epoch" in our State; that they are "implacable foes of improvement," and are "buried beneath superincumbent strata of prejudice, laziness and self-conceit." This picture is strongly drawn, but we know not whether it is overdrawn. But the number of this class is small, and is growing beautifully less.

In Ohio where it was feared the Legislature would be in doubt, the Republicans have carried both branches of it by decided majorities. Their majority on the State ticket exceeds 20,000. Hamilton county, (Cincinnati) which was considered doubtful on account of a Republican bolt, elected the straight Republican legislative and county ticket by 2,000 majority. A United States Senator is to be chosen.

To-day (Wednesday) an election will be held in California for Justices of the Supreme Court and Superintendent of Public Instruction. The Republican candidates are: For Justices, A. C. Niles and A. L. Rhodes; for Superintendent, H. N. Bolander.

AN EXTENSIVE POPULARITY.—"BROWN'S BRONCHIAL TROCHES" have been before the public many years. Each year finds them in new localities in various parts of the world. The Troches are pronounced universally superior to all other articles used for similar purposes. For relieving Coughs, Colds, and Throat Diseases, the Troches have been proved reliable.

A. M. LOWER & Co.: I was attacked with a severe case of rheumatism. It settled in my thighs, hips, fingers, shoulder blade—indeed in all the joints of my body. I suffered great pain and anguish. I consider it, from my experience, the best remedy for rheumatism known.

CITY.

PASSENGER ARRIVALS.—The N. P. T. Co.'s steamship *Oregonian*, R. S. Floyd, Commander, arrived at 6 o'clock, P. M., yesterday, from San Francisco, whence she sailed at 11 A. M., last Friday. The following is her list of passengers: Mrs J W French and two children, Miss Ida Bell, Mrs L Turner, C A Filtzch, A Whetan, P Williams, Miss A A Burke, Levi Estus, L M Smith, A Anderson, S Stevens and wife, M Davis, H D Howard and daughter, P Loyd and family, J Roberts and son, Mrs P G Barrett and family, J C Long, Miss W H Bears, Capt J T Rogers, U S A, Wm Fisher, Mrs Judge Wyche, two children and servant, Mrs J Callisther, E Winkelbiack, B F Reynolds, M Pike, W H Roberts, P Bourn and wife, H F Keyson, P Cassin, R M Roberts, A Davis, J L Armstrong, Aug Jay, F Merrian, S Davis and family, G W Parrish and wife, Jas Lesther, M R Merry, Rev J Spencer and wife, A S Whiting, O B Blackwell, H Booth and daughter, Geo Bayne, wife and child, S P Barrell, wife and children, Mrs S McDonald, W H McFarran, Thos Cohen, J Gann, J W Bell, Wells, Fargo & Co.'s messenger, and 60 in the steerage.

DEATH OF A RESPECTED CITIZEN.—John Stephenson, familiarly known to most Portland people as "Uncle John Stephenson," an old resident in the neighborhood of the Fulton House, died at half past nine o'clock, Monday evening, in his seventy-fifth year. "Uncle John" had lived on the farm where he died, since 1853, universally respected and esteemed not only as a good citizen, but as an excellent neighbor and kind friend. After a long life of usefulness, he has gone to his rest sincerely mourned by all who knew him. He came to this country in 1853, from Parkersburg, Virginia. He had been, before emigrating, a member of the Virginia Legislature; was Sheriff and Clerk of Wood county, Virginia, for some years, and he held at various times other honorable offices in that State. His funeral obsequies will take place at one o'clock this P. M., at the Taylor street M. E. Church.

ALL ABOUT A PURP.—There was a handsome scrimmage up town yesterday, between two Hibernians, whose names are to fame unknown, all about a purp. One of them had the quadruped in possession, which was nine points in the law; the other one claimed it which was the remaining one point in the law. "The purp is mine," said one, "give 'im to me." "You're a liar," said the other, "the purp is mine, an' I'll keep 'im." "You're another," said one, "an' I'll have 'im." Mortal provocation having thus been given on both sides, both Hibernians proceeded at once to settle by wager of battle, to whom the purp really did belong. The Hibernians fit and fit till neither of them was much hurt and then they concluded that a purp was hardly worth the loss of friendship rudely smashed and that was all. No arrests.

PASSENGERS FOR VICTORIA.—The following is the list of passengers for Victoria by the steamer *Maria Alfred*, which sailed from San Francisco on the 14th:

J Fontaid and family, Miss C E Parsons, Isaiah Palmer and three children, Mrs Van Tassel and three children, Miss Wood, Miss Dupreau, Mrs M Voyels, Miss A H Hunt, Jos Bastheir, Chas Woodward, Marion Wendes and Jas Cunningham, David P McIntyre, Chas Hayden, M J Moore, E K Smith, A H Rowlins, Capt Frank and wife, Capt T Moore, wife and two children, J Winnegop, E E Carnage, Lieut Scomberg, Royal Mail, Wm Jones, Jos Gosnell and 32 in the steerage.

A SCOTCH IMMIGRANT.—Mr. James Hall, from Dundee, Scotland, is one among the recent immigrants to Oregon who came out upon the representations of Mr. O. S. Phelps of this city. After having spent some time in looking about for a place to settle, he has just purchased Walker & Davey's place at Weston, on the Wallamet river, where he will settle and carry on a dairy business. He is highly pleased with Oregon and has advised two brothers now in Scotland, to come out. His reports concerning our State will, no doubt, induce many others to emigrate and settle in Oregon. All such men as Mr. Hall are doubly welcome among us.

ANGORA GOATS.—Mr. B. D. Butler, a resident of Dallas, of the Dalles, has a ranch in the Klickitat valley, upon which he has a large band of [illegible] and forty head of Angora goats. Mr. [illegible] of Nisqually Plains, Puget Sound, who visited Mr. Butler's ranch a few days since, says that the goats are flourishing finely, are hardy, healthy and require but little feeding. He thinks they will be a much more profitable stock to raise than [illegible].

RIVER SURVEY.—We are informed that certain parties interested in snag matters have it in contemplation to make a survey of the channel of the Columbia river, with a view to ascertaining whether or not the river pilots are doing the best thing in grounding so many vessels. They intend to see if there is not a better channel on the north side of the river opposite this city.

PREMIUM BIG POTATOES.—The big potatoes which took Mr. Barman's special premium—a pair of pants—are on exhibition at Barman's clothing store. There are eight of them, and they measure a peck and weigh eighteen pounds. They are large but not by any means as handsome as many other lots shown at the Fair.

RIVERSIDE RACES.—There will be a match trotting race at 2 o'clock P. M. to-day, over the Riverside track, for a purse of $75, open to all horses that have never beaten 2:55. The entries are as follows: L. B. Lindsey names black gelding "Blackbird," B. E. Acker names chestnut gelding "Highlander," and J. J. Welch, chestnut mare "Fannie Fern."

TWO MORE LOCOMOTIVES COMING.—On the 16th inst. the locomotives Eugene and Harrisburg sailed San Francisco. These locomotives are en route to this city and will probably reach here during the latter part of the present or the first of the coming week, when they will be immediately put into service.

NORTHERN PACIFIC RAILROAD.—We learn from a resident of Kalama that the track of the Northern Pacific railroad has been laid nearly to Cornell's Point. Two construction trains are running, and the line of the road has a very lively appearance.

NOTICE.—There will be a meeting at the Unitarian Church this evening at 7 o'clock, to take into consideration some plans of charity in connection with the wide spread Eastern calamities. The congregation and friends are invited to attend.

U. S. CIRCUIT COURT—DEADY, J.—John R. Lamb, et al., vs. Portland Water Co.; case submitted upon an agreed statement of facts, and an order made that briefs submitted be printed. The Court adjourned to Monday next.

FIREMEN AID.—Messrs. Greene & Knott, of the Cosmopolitan saloon and billiard rooms, propose to give their gross receipts of to-morrow to the Chicago Aid fund—a generous offer. Who will do likewise?

NEW STEAMER.—The propeller *Montana* will sail from San Francisco to-morrow, for this port, with freight only. Another steamer with passengers and freight will probable leave on Sunday.

WASHINGTON COUNTY FAIR.—The agricultural fair at Hillsboro will open on Tuesday, October 24th, and will continue four days. A considerable number of racing horses will be on hand.

IN BANKRUPTCY.—In the U. S. District Court yesterday Wm. Tichenor, of Coos Bay, filed his petition asking to be declared a bankrupt.

LOCAL BREVITIES.

A Mr. Burns was up before the Police Judge yesterday on a charge of embezzlement—compromised.

A man named Moon was up on a charge of defacing a building—compromised.

Senator Corbett on Monday telegraphed to the Chicago Aid Committee a subscription of $600.

There will be races at the White House track to-day, to-morrow and Friday.

The P. D. & H. Co. offer to do all the teaming necessary to be done in connection with the great Chicago Aid Concert.

All persons liable to city assessment are notified to make their returns to Mr. John M. Breck, Assessor, on or before the 21st inst.

Mr. Francefort, the actor and humorist, is about to leave for a tour to the Sandwich Islands. The old favorite, *Portland No. 1*, is again receiving and landing at the foot of 1st st. A, where a street rejoicth muchly.

RELIEF FOR CHICAGO.

CIRCULAR FROM THE PORTLAND COMMITTEE—TELEGRAMS FROM MAYOR WASSERMAN TO THE MAYOR OF CHICAGO—TEN THOUSAND DOLLARS—THE COMMITTEE STILL AT WORK—CHURCH AND LODGE SUBSCRIPTIONS.

The following circular has been issued by the committee charged with the collection of funds for the Chicago sufferers:

"To the Citizens of Oregon: It is seldom in the history of nations that the sympathy and generosity of mankind are so forcibly appealed to by so calamitous an occurrence as that of the recent conflagration in Chicago, whereby that great, prosperous and beautiful city, the center of wealth and trade and commercial power, and the pride of a nation, has been laid in ashes, and over one hundred thousand of her people been suddenly rendered homeless and reduced to poverty and want. Such a calamity, though local in character, is national in its effects, as well also as in the demand it has made upon human sympathy and generosity; and the simple statement of the misery it has occasioned, appeals directly and forcibly to the sympathies, not only of our own people, but to those of civilized humanity throughout the world, and calls for immediate action and generous response.

At a meeting of the citizens of Portland, held on the evening of the 14th inst., the Mayor was requested to appoint an Executive Committee, whose duty it should be to devise means to aggregate contributions from the entire State of Oregon for the relief of sufferers by this terrible conflagration.

The undersigned were appointed such committee, and they now thus publicly appeal to the well known generosity of the people of this State to contribute in their prosperity to those suffering people. Large sums of money have already been forwarded, but the magnitude of the disaster, and the extent of its harrowing consequences, as well as the near approach of winter, admonish us that contributions will be welcome for a considerable length of time to come.

All contributions of money placed in the hands of the committee will be forwarded to the proper authorities, and due credit given to each locality of the State.

We make this appeal to the people of the entire State with the fullest confidence that contributions will be such as become a humane people. All donations should be sent to the First National Bank of Portland as the committee's Treasurer.

Statements of such remittances, together with all other communications, should be addressed to Mark A. King, Esq., Secretary of the committee.

While sympathizing humanity in foreign lands have learned with sorrow of the grievous affliction that has been visited upon Chicago, and have responded and are still responding in a most generous manner to the cry of distress that has fallen upon the ears of the civilized world by means of this conflagration, unparalleled as it is in the history of the world in extent and sad consequences, let us not here in Oregon, where for the past year prosperity has so bountifully smiled upon us, be backward in doing our duty to the premises and contributing our share toward the relief of the distressed.

PHILIP WASSERMAN,
W. S. LADD,
HENRY FAILING,
BEN HOLLADAY,
B. GOLDSMITH,
C. B. LEWIS,
Committee.

DISPATCH FROM MAYOR WASSERMAN TO THE MAYOR OF CHICAGO.

In pursuance of a resolution of the committee at a meeting, Monday evening, Mayor Wasserman sent the following dispatch yesterday:

PORTLAND, Oregon, Oct. 17, 1871.

Hon. R. B. Mason, Mayor of Chicago, Illinois: Citizens of Portland express their sympathy with sufferers by fire in your city by collection of ten thousand dollars for their benefit. Committee still at work. Amount will be increased. Amount named held by First National Bank of this city subject to order of Chicago Relief and Aid Society.

PHILIP WASSERMAN, Mayor.

CHURCH AND LODGE SUBSCRIPTIONS.

On Sunday the collection at the Taylor street M. E. Church for the Chicago sufferers, amounted to $91; at Mt. Zion Schoolhouse, $9; at the A. M. E. Zion Church, $11. At St. Stephen's Chapel, on Sunday, the congregation contributed $155 35, and the pupils at St. Helens' Hall school, yesterday gave $27 65.

Minerva Lodge, I. O. O. F., of this city, Monday evening voted $100 for the Chicago relief fund. The amount has already been forwarded. This last subscription goes to the relief of the distressed Odd Fellows and families.

AMUSEMENTS.

TURN VEREIN BALL.—The first annual ball of the Portland Turn Verein (lately organized) will take place at the Skating Pavilion, next Monday evening, Oct. 23d. We understand that there will be also, in the intervals of the dance, some exhibitions by the Turners.

ORO FINO.—There was a very good attendance again last evening at this place, to witness the performances of the Coghill & Cooper minstrel troupe. Nothing better has ever been seen in this city in the way of clog and double clog dancing, than the performances of Coghill & Cooper. Cotton does negro eccentricities in a very laughable way, and the character acts of Lowry are pleasing. The blues can be laughed entirely away in one evening at Oro Fino.

WASHINGTON COUNTY CIRCUIT COURT.—The Circuit Court for Washington county, Judge Upton, presiding, is in session this week. The docket is very light, the suits for divorces being nearly equal in number to all the rest.

BUSINESS NOTICES.

FIRE INSURANCE.—We call the attention of our readers to the advertisement, in another column, of the IMPERIAL FIRE INSURANCE COMPANY OF ENGLAND. It behooves all in this age of fires to insure and this company, as will be seen by their advertisement, is among the soundest doing business on this coast and offers inducements to all to insure with them.

IN BUSINESS AGAIN.—Our friend Paul Richter announces himself in business again, in the house furnishing line. Orders may be left at Alisky & Heggies or at Gray's music store. Paul is among the number of young men who can be conscientiously commended to the patronage of our readers.

READ THIS.—If our friends will consult a new advertisement in our columns this morning over the firm name of Ostman & Hachemey, they will find some information which they will be glad to get.

INSURANCE.—The Pacific Insurance Co. has an important notice in our advertising columns this morning, in relation to the payments of liabilities and continuance of business.

A SPEEDY CURE OF SORE EYES.—This is to certify that I applied to Dr. Abon, two days since, with my eyes very much inflamed and hurting me very much. Within the short time of two days he has given me great relief, and I believe has cured my eyes. I find him to be a very skillful and intelligent gentleman. I have resided in the Umpqua Valley, Douglas county, Oregon, for about twenty years.

The celebrated Star Shirt, a full supply, and the *Guanoco* Umbrella, the latest and best article out to keep off the Oregon mist. A look through J. O'Neil & Co.'s stock will benefit those investing. They sell at marvelously low figures.

An Anchor to Windward.

It is good seamanship, when there is reason to expect heavy weather to drop an anchor to windward.

We are in the midst of the season of chills and fever. The sure preventive of this distressing malady is Hostetter's Stomach Bitters. A course of that wholesome vegetable tonic will render an attack impossible. Take the hint and *drop an anchor to windward.*

Weak stomachs are most liable to be disordered into the autumn when the changes of temperature are marked and frequent. Hostetter's Bitters fortifies the stomach against the effects of those variations. Let dyspeptics make a note of the fact and *drop an anchor to windward.*

The liver is more sensitive when the weather is continually alternating between the warmth of summer and the cold of winter than at any other period of the year. This is peculiarly the season of such alterations. Let the bilious remember that Hostetter's Stomach Bitters is essentially an anti-bilious medicine, and *drop an anchor to windward.*

The wisest plan is to forestall evil. The next best thing is to arrest it. For disorders of the stomach, irregularities of the bowels, and all periodical fevers, take as soon as the complaint developes itself, Hostetter's Stomach Bitters.

ON MARRIAGE.

ESSAYS FOR YOUNG MEN, on great SOCIAL EVILS and ABUSES, which interfere with MARRIAGE, and ruin the happiness of thousands,—with sure means of relief for the Erring and Unfortunate, diseased and debilitated. Sent in sealed letter envelopes, free of charge. Address, HOWARD ASSOCIATION, No. 28, Ninth St., Philadelphia, Pa. se16dawdm.

FINANCE AND COMMERCE.

TUESDAY EVENING, Oct. 17, 1871.

Of the California Insurance Companies are the following which were doing business in Chicago: The Firemen's Fund, Occidental, Pacific, People's, and Union, whose combined liabilities aggregate $3,203,042 29. Of other Companies taking risks there and represented in California are the Ætna, Cleveland, Germania, Hanover, Hartford, Home, of New York, Liverpool, London and Globe, Lorillard, Manhattan, Market, Niagara, North America, North British and Mercantile, Phœnix of Brooklyn, Phœnix of Hartford, and Republic, whose combined liabilities aggregate $23,924,979 13. This does not include a large number of Insurance Companies taking risks in Chicago, but are not represented or doing business in California or this State.

We were shown a telegram from the Home Office of the Imperial Fire Insurance Company of Liverpool in which they state their losses in Chicago do not exceed £20,000, or less than $100,000.

Remittances from the interior continue free, and are beginning to be liberal. The demand for coin is not so active as ruled two weeks ago.

The steamer *California* leaves for Sound ports on Saturday, Oct. 21st.

The steamer *Orizimba* arrived this evening, with full cargo of assorted merchandise. She is advertised to leave on Thursday evening, Oct. 19th.

The next steamer leaving San Francisco bound up will be the *Montana*, leaving there on Thursday, Oct. 19th. She will bring only freight. Another will probably leave on Sunday, Oct. 22d, with both passengers and freight.

The telegraph informs us it was not at all unlikely the bark *Whistler* which put back to San Francisco, owing to fire and heavy weather, would have to be scuttled and sunk. She had on for our merchants in the neighborhood of $50,000, and so far as we are aware it was not covered by insurance.

The bark *Helen W. Almy* is reported at Astoria, and will be towed up to-morrow night.

The following table gives the imports into the United States of Tea from China from June 1st to August 26th for the last three years:

	1869.	1870.	1871.
Black	14,516	152,218	735,871
Green	827,073	1,912,650	1,782,192
Japan	20	853	12,987

We have in a previous number of the OREGONIAN had occasion to speak of the necessity on the part of our farmers of sowing every acre possible in cereals, particularly Wheat and Oats in the valleys of Western Oregon, and Wheat, Barley and Corn in Eastern Oregon and Washington Territory. The high prices ruling in the United Kingdom and on the Continent, will cause the marketing of all old stock in all parts of the Continent and Great Britain. It has already drawn from the Atlantic States all the old Wheat, and the rapidity with which the new is being marketed leads us to the conclusion that next year's crop in our sister States, the Continent and in North America will come on a market, if not bare, yet more nearly so than has ever before been with us in the commercial history of the world, and for that reason prices will range up at good remunerative rates to producers for the next year or two. There need be no apprehension on the part of producers of a scarcity of, or lack of, means to market the Grain, as the Oregon Central, the California and Oregon, and the North Pacific Railroads will require large amounts of Iron, and vessels bringing it will seek return cargoes in Wheat or other Oregon produce.

There is another thing our farmers must bear in mind, that any Winter may prove as severe as were the Winters of 1851-52 and of 1861-62, and great caution should be exercised against being drawn into selling off their cereals too close owing to the high prices ruling. Information from a reliable source has already reached us where farmers are feeding Wheat to horses owing to the scarcity of Oats. Complaints have reached us of the short crop of Hay in many localities. If a severe Winter should occur a ton of Hay will rule very high, and large numbers of stock suffer, if not perish, for the want of food. Viewing it in that light, our farmers should so manage as not to allow the wasting of straw by fire, rain or otherwise, for the want of proper attention.

No farmer need be afraid of holding over too much Wheat or other cereal, for although we do not think prices will be higher yet, we do not see as they will rule lower. Experience has taught that where farmers met the market when prices ruled at fair remunerative rates, in the end, they made more than their neighbors who turn speculators and continually hold for higher prices; but at the same time a farmer ought to retain a little more than is thought will actually be required for his own consumption, to meet unexpected emergencies, which though not often occurring, may nevertheless occur at any time.

The prospects for prices for Cured Meats continuing up if not advancing, appear to be gathering, based upon the following grounds: The unusually large demand from the United Kingdom and the Continent in the Eastern States clearing the market to a great extent of stocks, and bringing the coming season in on a comparatively bare market. A leading commercial paper in New York in remarking upon the Provision trade in its editorial columns, says:

The selling interest has retained the advantage on the market for the hog product, and the strength and buoyancy noted in our last weekly review has been well sustained, and in some instances materially. Though all improvements have been void of unusual excitement and resulted more from *bona fide* buyers of stocks than any speculative manipulations. In fact this is the feature that the market required, and we find among the trade a growing hope that a much healthier state of business will prevail than seemed likely a few months ago. Except in the way of a temporary scarcity there has been apparently enough for every-day most calls, and of the leading grades there has undoubtedly been a fair amount to be found in the country, while the next production exhibits the promise of large aggregate, fattening having been liberal growth of corn, but many of the trade believe the old adage of "as long corn drop, a late hog crop," and while the hogs are fattening it is hoped that an outlet may be found for the surplus, provided, of course, that speculative movements do not run prices up to such an extent as to shut off the demand.

In connection with the above the same paper remarks:

Barrels are continued in good demand, and all desirable fresh-packed city meat met with a sale as soon as offered, and many of the packers have their production for the next four weeks disposed of. The demand was from all classes of buyers, the heaviest orders being on a good many fancy grades. For future delivery the business has also been good, better if anything than last week, and large sales have been made for November, December and January.

We have been unable, thus far, to obtain a schedule of the new freight tariff of the Central Pacific Railroad, but if the advanced tariff on Provisions is in the same proportion as the advance on other goods in packages, it is from 50 to 100 per cent higher than by old rates, which, together with high prices in the States, will cause prices to advance in San Francisco.

Merchandise Report.

WHEAT—Market is quiet, so far as we can learn. All vessels in port for foreign ports will take out their final clearing papers out of the week. We have heard it reported that a vessel of 1,600 tons burthen is expected to leave San Francisco for this port to load for Cork. The amount in the country remaining unsold is estimated at about one-quarter of the crop. Large amounts purchased by shippers and shall others have not come forward but are being brought forward quite rapidly now. We quote range of the market at $2 22½@2 35 ₰ cental, sacked.

FLOUR—There is a fair local demand for standard brands. We quote same at $7 50 ₰ bbl for extra, and superfine, $6 50@7 ₰ bbl.

DOWN WITH MONOPOLY!

DRS. ABORN AND LORYEA NOWHERE!

Give the Working Man a Chance!

The Greatest Discovery ever made by Man on this Earth.

RENNICK'S

Wahoo Bitters!

NEVER KNOWN TO FAIL IN CURING

Rheumatism, Neuralgia, Dyspepsia,

and all Affections of the

Stomach, Liver and Kidneys.

IT HAS CURED CASES WHERE THOUSANDS OF dollars had been expended to no purpose but filling the system with mercury, by practical or educated quacks.

Wahoo—(*Euonymus Alnopirpureus*) a small shrub growing in many parts of the United States. The bark of the root is a bitter tonic, laxative, attractive, diuretic, and when judiciously used is advantageously used in pulmonary affections, dropsy, constipation, torpidity of the liver, dyspepsia and intermittent fevers.

Read the Certificate of Mr. Thompson, of the Workingman's Boarding House, Front street, Portland:

PORTLAND, October, 4th, 1871.

I hereby certify that I am acquainted with the properties of the Wahoo Bitters, put up by R. P. Rennick. It is one of the best remedies for the Stomach and Blood in the world. In fact, it will cure Dyspepsia, Chronic Liver complaint, Chills and Fever, and has the advantage of not being intoxicating.

J. N. CUNNINGHAM, M. D.

This is to certify that I have used the celebrated Wahoo Bitters, and have known several other men in my house who were prostrated with ague and rheumatism, whom it has effectually cured. It acts on the liver and kidneys, surpassing anything I ever used.

J. R. THOMPSON, of Thompson House.

PORTLAND, Oregon, Sept. 12, 1871.

This is to certify that I have been sick with chills and fever for the last fourteen days, and have tried a great many remedies, and found them all to be humbugs, and was about to give up everything in despair. Mr. Rennicks heard about my case, and gave me a bottle of his Wahoo Bitters and I was relieved, as if by magic from the hand of God.

A. KOLB,
Philadelphia Brewery, Portland, Oregon.

MCMINNVILLE, Sept. 27, 1871.

This is to certify that I have used Rennick's Wahoo Bitters for a good while, having been acquainted with the Wahoo bark for over thirty years, and when aided by other barks, it is one only in the market. It surpasses any medicine ever used for Ague, Chills, Fever and all affections of the liver, Kidneys and Bladder. I have no hesitation in recommending it to the public. I am going on a visit to Illinois and take some with me.

E. J. WRIGHT.

ELLIS STATION, W. P. R. R., Sept. 3d.

I give this of my own free will for the benefit of suffering people: I am fifty-eight years of age, born in Dilloy, Staffordshire, England, and a miner; suffered from rheumatism for years; have travelled with crutch and cane for three years; have used R. Rennick's Wahoo Bitters and can say that Wahoo Bitters has made me a well man. No humbug about this. Experience has proved R's Wahoo Bitters king of all liquors. I recommend any person any way afflicted to try them.

OLD ARCHEY BURTON
Corral Hollow, W. P. R. R., Cal.

October 3d.

This is to certify that I have used Rennick's Wahoo Bitters, and can with confidence recommend it to all suffering from indigestion and all affections of the liver and kidneys.

Front street, near sawmill.

PORTLAND, October 1st.

This is to certify that I have been afflicted for twenty years, and the more doctors' medicines I took, I became worse when the effects of the medicine was over. I had a dreadful pain in my side. The doctors said it was my liver, but, thank God, one bottle of the Wahoo Bitters made a change, and I believe it will make a perfect cure.

MRS. SALLY J. L——.

All orders directed through the Postoffice will be at once attended to. The Bitters will be carefully packed and delivered on any boat, properly.

Orders filled by Express, or as directed.

PRICE—$9 per dozen or $1 per Bottle!
